

Nirbhaya Initiative

A one day workshop was organized by **Netaji Subhash Engineering College in association with Techfest IIT Bombay**. The vision is to enable women in being self dependent. The aim is to redress the low self confidence of women in society, in general, due to safety concern in going / participating in various field / places at various point of time during day/night. The social initiative aims at training them physically and mentally, and equipping them with some basic techniques by self defence masters. It witnessed an overwhelming participation of more than 100 girls from the institute. The delegates came from **Karate Association of India** to give the demo sessions for the workshop.

Delegates: - Miss Aritri Dey [Black Belt] accompanied by Tanmoy Dutta [Black Belt].

Date of event: 2nd November, 2017
Time: 11am - 3pm

NIRBHAYA INITIATIVE

This year we are launching the 'Nirbhaya' initiative with a vision to enable women in being self dependent. Our initiative aims to redress the low self confidence of women in society, in general, due to safety concern in going/participating in various field/places at various point of time during day/night. The social initiative aims at training them physically and Mentally, and equipping them with some basic techniques by self defense masters.
