RULES AND REGULATIONS

- I. **Chanting Rule:** Raider must chant "kabaddi" clearly without interruption, starting before entering opponent's court.
- II. Players must complete a raid within a **specified time (30s)**
- III. A raid is **valid** when the raider crosses the **Baulk Line** with the other leg on air. Each tagged defender also earns a point for the raider's team. Not more than one raider shall be allowed inside the court of the opponent in a single round
- IV. The game will consist of two halves, each lasting **10 minutes (may vary)**. There is a break of 5 minutes between the halves.
- V. **Bonus Line Crossing :** Points for raider crossing bonus line before touch or struggle.

- VI. **DO OR DIE RAID:** if a team has two successive Empty raids, the third raid is a Do-Or-Die raid, and failure to score in this third raid results in the raider being out and the opposite team gets a point
- VII. **SUPER TACKLE:** If the defending team has three or fewer players on the ground, then with the successful tackle of a raider the team gets two points instead of one.
- VIII. **SUPER RAID:** when a raider scores three or more points for the team in a single raid.
- IX. **ALL OUT:** If a team gets all seven players on the opposing team out ("All Out"), they earn two additional points and the players are placed back in the game
- X. **LOBBY RULES:** If a raider steps out of bounds and a defender follows him, then the defender is also ruled out and the raiding team gets the point. Lobby will be active only when contact has been made between the raider and a defender. Else, it is considered out of bounds for both raider and the defenders
