March 17, 2018

The GATE 2018 score is calculated using the formula

$$GATE\ Score = S_1 + (S_2 - S_1) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2018 scorecard
 M_q is the qualifying marks for general category candidate in the paper
 M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
 $S_1 = 200$, is the score assigned to M_q
 $S_2 = 300$, is the score assigned to M_t

In the GATE 2018 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

G. Pugazhenthil
 Prof. G. Pugazhenthil, March 17, 2018
 Organising Director, GATE 2018
 (on behalf of NCB - GATE, for IITK)

The GATE 2018 score is calculated using the formula

$$GATE\ Score = S_q + (S_p - S_q) \frac{(M - M_q)}{(M_p - M_q)}$$

where,
 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2018 scorecard
 M_q is the qualifying marks for general category candidate in the paper
 M_p is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
 $S_q = 350$, is the score assigned to M_q
 $S_p = 900$, is the score assigned to M_p

In the GATE 2018 score formula, M_p is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

 $S_p = 250$, is the score assigned to M_q
 $S_q = 300$, is the score assigned to M_q

In the GATE 2018 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/stipendship. Admitting institutes may conduct further tests and interviews for final selection.

General (G) (G) (G) SC/ST/PwD

GATE Score **439**

Valid from March 17, 2018 to March 16, 2021

All India Rank in this paper **19400**

Number of Candidates Appeared in this paper **194496**

* Normalized marks for multi-session papers.
† Candidates are considered qualified if the marks obtained are greater than or equal to the qualifying marks mentioned in the scorecard for one of the categories specified. If a candidate is qualified along with the maximum marks.

G. P. Pughazhendhi
Prof. G. Pughazhendhi March 17, 2018
Organizing Chairman, GATE 2018
(on behalf of NCB - GATE, for MHRD)

The GATE 2018 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2018 scorecard
 M_q is the qualifying marks for general category candidate in the paper
 M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
 $S_q = 350$, is the score assigned to M_q
 $S_t = 900$, is the score assigned to M_t

In the GATE 2018 score formula, M_t is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2018 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Instructions:

- Only candidates who have taken the Common Admission Test (CAT 2017) are entitled to receive the score card. Keep a printout of this score card for your information pertaining to CAT 2017. You will not receive a score card by email or by post.
- The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
- Percentile refers to percentage of candidates who receive score less than or equal to the score obtained by the candidate.
- IIMs and Non-IIM member institutions independently decide how to use CAT 2017 scores on the basis of their own selection process. The scores are to be used only for selecting the candidates to their Post-Graduate / Fellow Programme(s) in Management.
- Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. Candidate's score will become null and void and he/she will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification will take place with retrospective effect.
- All queries regarding post-CAT 2017 selection process must be directed to respective IIMs. CAT Centre will not answer post-CAT related queries.
- CAT 2017 score is valid only until 31st December 2018 and subject to meeting the minimum eligibility marks in the qualifying examination.
- Toll free number 140062661549 will be available till 20th January, 2018 and webchat support cat@iimkolkata.com will be available till 31st March, 2018 respectively.

About Your GRE® Score Report

Score Reporting Policies

With the ScoreSelect® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- **Most Recent option**—Send your scores from your most recent test administration.
- **All option**—Send your scores from all administrations in the last five years.
- **Any option**—Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports).

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the GRE® Information Bulletin for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10–15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see 'Not Available' in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you cancelled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be cancelled and score recipients will be notified of the cancellation. Test fees will be refunded.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-800-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

- You must download the score card for future reference and records.

Management Aptitude Test and Test Scores

- The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
- MAT is administered in five sections—Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment—each section testing a different ability relevant for management education.
- All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
- The scaled scores reported are standardized scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
- The percentile below column indicates the percentage of candidates in the test who scores below that of the candidate in the section.
- The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 100 to 801.
- The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
- All scores and percentile below figures are reported after rounding off to the nearest whole number.
- Personal data is as reported by the candidate.

विशेष सूचनाएं / SPECIAL INSTRUCTION

उम्मीदवारों को सुनिश्चित करना चाहिए कि वे एक ही परीक्षा केंद्र में अधिक से अधिक बार नहीं जाते हैं, जो भी वे अपना एक परीक्षा केंद्र चुनते हैं।
 (TIER-I) में एक से अधिक बार जाकर परीक्षा देने से उम्मीदवारों को रद्द करने का खतरा है।
 CANDIDATES MUST ENSURE THAT THEY DO NOT APPEAR IN CHSL 2017, TIER I, MORE THAN ONCE EVEN IF THEY HAVE INADVERTENTLY BEEN ISSUED MORE THAN ONE ADMISSION CERTIFICATE. OR ELSE THEY WOULD RUN THE RISK OF THEIR CANDIDATURE NOT ONLY BEING CANCELLED BUT ALSO OF THEIR BEING DEBARRED FROM FUTURE EXAMINATIONS OF THE COMMISSION FOR A PERIOD OF THREE YEARS.

परीक्षा केंद्र में मोबाइल फोन और अन्य इलेक्ट्रॉनिक गैजट्स को नहीं ले जानें।
 Do not bring mobile phone and other electronic gadgets inside the examination hall.

उम्मीदवारों को परीक्षा केंद्र पर आने से पहले अपने आईडी कार्ड के साथ दो पासपोर्ट साइज की तस्वीरें लेनी चाहिए।
 Do bring a photograph bearing ID card in original along with two passport size photographs.

उम्मीदवारों को परीक्षा तिथि के पहले परीक्षा केंद्र के पता की पुष्टि के लिए परीक्षा केंद्र में जाना चाहिए।
 You are advised to visit the Examination Venue before the date of examination to confirm location.

नोट: परीक्षा संबंधी विस्तृत निर्देश अगले पृष्ठों पर देखें।
Note: - Please see the detailed instructions on next pages.

<small>* If a candidate is considered as Top 7 (by marks) and also a general then a mark is to be assigned to the candidate for the category for which he/she belongs to. However, if a candidate is considered only with the general.</small>			
Digitl FingerPrint: 5572662b4f6e7966e7c76a74679		 Prof. David Joseph Chakrapani March 26, 2017 Organizing Chairman, GATE 2017 on behalf of NCB-GATE, IIT Roorkee	

The GATE 2017 score is calculated using the formula

$$\text{GATE Score} = S_2 + (S_1 - S_2) \frac{(M - M_3)}{(M_1 - M_3)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this score card in GATE 2017

M_1 is the qualifying marks for general category candidate in the paper

M_2 is the mean of marks of top 0.1% or top 50 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_1 = 350$, is the score assigned to M_1 ,

$S_2 = 900$, is the score assigned to M_2 .

In the GATE 2017 score formula, M_1 is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2017 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship.

Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2017 was organized by Indian Institute of Technology Roopore on behalf of the National Coordination Board (NCB) for the Department of Higher Education, Ministry of Human Resource Development, Government of India.

Provisional Certificate of Admission to Master of Technology - (2017 - 2018)

Certified that **Mr. ARGHYADIP DAS**
has been admitted provisionally in the Semester - I of Master of Technology course in the branch **CIVIL ENGINEERING**
for the Academic Session **2017 - 2018** having Enrollment No. **22047910** Provisional Registration permission date is **28-JUN-17**

This certificate expires on 15 Sep. 2017. On or before the expiry of the provisional admission certificate the student is supposed to complete the formalities which the candidature will be cancelled.

- * Open an account in UCB Bank BESU Branch for the payment of @INR5000 Fee
- * Submit Migration / Transfer Certificate

Printed on : Mon Jun 26 14:28:58 2017 (IST)
REGISTRATION NO. 22047910 (To be used at the time of opening of bank A/C)

Digital Fingerprint: 11202072000044118007080404E1		March 26, 2017 Prof. Govind Joseph Chakrapani Chairperson, GATE 2017 on behalf of NCB-GATE, IIT-MADRAS	

The GATE 2017 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_q - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this score card in GATE 2017

M_q is the qualifying marks for general category candidate in the paper

\bar{M} is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}

In the GATE 2017 score formula, M_q is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2017 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting Institutes may conduct further tests and interviews for final selection.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- **Most Recent option** – Send your scores from your most recent test administration.
- **All option** – Send your scores from all administrations in the last five years.
- **Any option** – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports).

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

JIT GUPTA**Most Recent Test Date: October 3, 2016****Date of Birth:** December 8, 1994Registration Number: 2720779
Print Date: October 16, 2017**Retaking a GRE Test**

You can take the GRE® General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/scoreunderstood.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-800-771-7675 or 1-800-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

*No Show : No show indicates that you had scheduled but did not appear for the test.

Important Notes

- **Scaled Score:** The scores reported are the scaled scores arrived at by establishing psychometric equivalence to adjust for any variation in difficulty level across the test.
- **Score Validity:** Your 2016 NMAT by GMAC™ score is valid for admissions into management programs for the 2017-2018 academic sessions. Please check the respective school's website for more details.
- All institutions accepting the NMAT by GMAC™ exam will independently decide how to use the NMAT by GMAC™ scores.
- If GMAC determines that you have misrepresented yourself during registration or violated any of our testing policies / processes, we reserve the right to cancel your scores. You may also be ineligible to appear for the NMAT by GMAC™ exam in the future.
- **Final Percentile Score:** Your final percentile score refers to the percentage of candidates who have scored less than you in a given section. The highest scaled score amongst all your attempts is used in calculating your final percentile score.

GMAC is the owner and administrator of NMAT by GMAC and GMAT exams.

NMAT by GMAC™ and NMAT™ is a registered trademark of Graduate Management Global Connection (India) Private Limited (GMGC), a subsidiary of Graduate Management Admission Council (GMAC). GATE 2016 Scorecard
Graduate Aptitude Test in Engineering

Scorecard Number MK835

Name KALLOL SAHA

Registration Number CE16S76072182

Examination Paper Civil Engineering (CE)

Candidate's Signature *Kalol Saha*

GATE Score 499

Mark out of 100 37.00

Qualifying Marks 20.0 22.5 16.6

B.E./B.Tech. M.E./M.Tech. Sc.D/Ph.D.

Valid from March 23, 2016 to March 22, 2019

All India Rank in this paper 5385

Number of Candidates Appeared in this paper 119873

Prof. Tirthankar Bhattacharyya, March 23, 2016, Organizing Chairperson GATE2016 on behalf of IITB, IITK, IITM, IITR, IITD, IITG, IITJ, IITKharagpur, IITMadras, IITPatna, IITRoorkee, IITDelhi, IITGuwahati, IITHydrabad, IITBombay, IITKanpur, IITVaranasi, IITThiruvananthapuram, IITJodhpur, IITBHU, IITDelhi (Muz), IITDelhi (GGS), IITDelhi (K), IITDelhi (N), IITDelhi (S), IITDelhi (W), IITDelhi (E), IITDelhi (N), IITDelhi (S), IITDelhi (W), IITDelhi (E), IITDelhi (N), IITDelhi (S), IITDelhi (W), IITDelhi (E)

The GATE 2016 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_p - S_q) \frac{(M - M_q)}{(M_p - M_q)}$$

where

- S_q = Score obtained by the candidate in the paper mentioned on this scorecard in GATE 2015
- S_p = Qualifying marks for post graduate level in the paper
- M = Mark obtained by the candidate in the paper (if the value is larger) of the candidates who appeared in the paper (in case of multiple papers in a category, the highest mark is considered)
- M_p = Mark of the score obtained by the candidate
- M_q = Mark of the score obtained by the candidate

The GATE 2016 score is calculated in 20 Marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

The GATE 2016 score is used for selection for admission to a post-graduate program or a scholarship/studentship. Some institutes may conduct their own tests and interviews for final selection.

Codes for XI and XII Paper (Section I (compulsory section and any other two sections)):

Engineering Sciences	Life Sciences
Engineering Mathematics (common to all)	Chemistry (compulsory)
Applied Mechanics	Biochemistry
Thermal Science	Botany
Fluid Mechanics	Microbiology
Thermodynamics	Zoology
Energy Science and Technology	Biotechnology
Food Technology	

The Graduate Aptitude Test in Engineering (GATE) 2016 was organized by the Indian Institute of Science on behalf of the National Examinations Board (NET) for the Recruitment of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.

March 23, 2016

Prof. Tirthankar Shukla (Chairman)

Organizing Committee-GATE 2016 on behalf of IISc-GATE, for MHRD

The GATE 2016 score is calculated using the formula

$$GATE\ Score = S_p + (S_q - S_p) \frac{(M - M_q)}{(M_q - M_p)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this scorecard in GATE 2016

M_q is the qualifying marks for general category candidate in the paper

M_p is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_p = 350$, is the score assigned to M_q

$S_q = 900$, is the score assigned to M_p

In the GATE 2016 score formula, M_p is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2016 does not guarantee either an admission to a post graduate program or a scholarship/scholarship. Admitting Institutes may conduct further tests and interviews for final selection.

Codes for XI and XII Paper Sections (compulsory section and any other two sections):

XI: Engineering Sciences A-Engineering Mathematics (compulsory) B-Fluid Mechanics C-Material Science D-Solid Mechanics E-Thermodynamics F-Polymer Science and Engineering G-Food Technology	XII: Life Sciences H-Chemistry (compulsory) I-Biochemistry J-Botany K-Microbiology L-Zoology M-Food Technology
---	---

Graduate Aptitude Test in Engineering (GATE) 2016 was organized by the Indian Institute of Science on behalf of the National Coordination Board (NCB) for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.

Prof. Tinku Bhatnagar
Organising Chairperson GATE2016 on behalf of NCB-GATE, ISI, IITKGP

The GATE 2016 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this scorecard in GATE 2016

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 25.0$, is the score assigned to M_q

$S_t = 90.0$, is the score assigned to M_t

In the GATE 2016 score formula, M_t is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2016 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Prof. Debasmita Bhattacharyya
Director, Institute of Engineers, IIT Bombay
March 23, 2016

The GATE 2016 score is calculated using the formula:

$$\text{GATE Score} = S_1 + (S_2 - S_1) \frac{(X - M_1)}{(M_2 - M_1)}$$

where,

- S_1 = the marks obtained by the candidate in the paper, marks out of 100 as stipulated in GATE 2016.
- S_2 = the qualifying marks for general category candidates in the paper.
- X = the marks out of 100 or top 10 (whichever is higher) of the candidates who appeared in the paper (because of equal marks, S_2 is including all appeared).
- M_1 = 105, marks assigned to S_1 .
- M_2 = 100, marks assigned to S_2 .

Note: GATE 2016 score formed: S_1 is 25 marks out of 100 or ≥ 0 , whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2016 does not guarantee admission into a post-graduate program or a scholarship/assistantship. Admitting institutions may conduct further tests and interviews for final selection.

Digitl Fingerprint - See 01/16/001/0201/0001/081389

March 23, 2016 Prof. T. Sankar Brathacharyar

Organizing Institution: GATE 2016 on behalf of NCB, GATE, for MHRD

The GATE 2016 score is calculated using the formula

$$GATE\ Score = S_1 + (S_2 - S_1) \frac{(M - M_1)}{(M_2 - M_1)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this scorecard in GATE 2016

S₁ is the qualifying marks for general category candidate in the paper

M₁ is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

S₂ = 250, is the score assigned to M₁

S₁ = 200, is the score assigned to M₂

In the GATE 2016 score formula, M₁ is 25 marks (out of 200) or μ = 0, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2016 does not guarantee either an admission to a post-graduate program or a scholarship/stipendship. Admitting institutes may conduct further tests and interviews for final selection.

If a candidate is eligible for reserved category, he/she is not eligible for the reserved seats. Digitized by IIT Bombay. Digitized by IIT Bombay.

March 23, 2016 Prof. Tinkuraj Bhattacharyya
Organizing Chairperson GATE 2016 on behalf of NCB-GATE, IIT Bombay

The GATE 2016 score is calculated using the formula

$$GATE\ Score = S_p + (S_g - S_p) \frac{(M - M_p)}{(M_p - M_p)}$$

where,
 M is the marks obtained by the candidate in the paper, mentioned on this scorecard in GATE 2016
 M_p is the qualifying marks for general category candidate in the paper
 M_p is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
 $S_g = 150$, is the score assigned to S_g
 $S_p = 200$, is the score assigned to S_p .

In the GATE 2016 score formula, M_p is 25 marks (out of 100) or $p + 0$, whichever is greater. Here p is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.
 Qualifying in GATE 2016 does not guarantee either an admission to a post-graduate program or a scholarship/stipendship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XI and XII Paper Sections (compulsory section and any other two sections):

XI: Engineering Sciences	XII: Life Sciences
A-Engineering Mathematics (compulsory)	X-Chemistry (compulsory)
B-Fluid Mechanics	1-Biochemistry
C-Material Science	2-Botany
D-Solid Mechanics	3-Microbiology
E-Thermodynamics	4-Zoology
F-Polymer Science and Engineering	5-Food Technology
G-Food Technology	

Graduate Aptitude Test in Engineering (GATE) 2016 was organized by the Indian Institute of Science on behalf of the National Coordination Board (NCB) for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.

 Organising Supervisor GATE 2016 on behalf of IISc, IITs, IIMs, IIT Gandhinagar

The GATE 2016 score is calculated using the formula

$$\text{GATE Score} = X_0 + (X_1 - X_0) \frac{(M - M_0)}{(M_1 - M_0)}$$

where,

- X_0 is the marks obtained by the candidate in the paper, mentioned on this scorecard in GATE 2016
- X_1 is the qualifying marks for general category candidate in the paper
- M_1 is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
- M_0 is 150, is the score assigned to M_1
- $X_0 = 500$, is the score assigned to X_1

In the GATE 2016 score formula, M_1 is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2016 does not guarantee either an admission to a post graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Reading Skills	Level	Your Performance
Reading	High	<p>Test takers who receive a score at the HIGH level, as you did, typically understand readings in English that require a wide range of reading abilities regardless of the difficulty of the texts.</p> <p>Test takers who score at the HIGH level, typically:</p> <ul style="list-style-type: none"> have a very good command of academic vocabulary and grammatical structure; can understand and connect information, make appropriate inferences, and synthesize ideas, even when the text is conceptually dense and the language is complex; can recognize the purpose/organization of a text and the role that specific information serves within the larger text, even when the text is conceptually dense; and can abstract major ideas from a text, even when the text is conceptually dense and contains complex language.
Listening Skills	Level	Your Performance
Listening	High	<p>Test takers who receive a score at the HIGH level, as you did, typically understand conversations and lectures in English that present a wide range of listening demands. These demands can include difficult vocabulary (uncommon words, or idiomatic or figurative language), complex grammatical structures, abstract or complex ideas, and/or a sense of unexpected or seemingly contradictory information.</p> <p>When listening to lectures and conversations like these, test takers at the HIGH level typically can:</p> <ul style="list-style-type: none"> understand main ideas and important details, whether they are stated or implied; distinguish more important ideas from less important ones; understand how information is being used (for example, to provide evidence for a claim or describe a step in a complex process); recognize how pieces of information are connected (for example, in a cause-and-effect relationship); understand many different ways that speakers use language for purposes other than to give information (for example, to emphasize a point, express agreement or disagreement, or convey intentions indirectly); and synthesize information, even when it is not presented in sequence, and make correct inferences on the basis of that information.

Speaking Skills	Level*	Your Performance
Speaking about Familiar Topics	Fair	Your responses indicate you are able to speak in English about your personal experiences and opinions in a mostly clear and coherent manner. Your speech is mostly clear with only occasional errors. Grammar and vocabulary are somewhat limited and include some errors. At times, the limitations prevent you from elaborating fully on your ideas, but they do not seriously interfere with overall communication.
Speaking about Campus Situation	Fair	Your responses demonstrate an ability to speak in English about reading material and experiences typically encountered by university students. You are able to convey relevant information about conversations, newspaper articles, and campus bulletins, however, some details are missing or inaccurate. Limitations of grammar, vocabulary, and pronunciation at times cause difficulty for the listener. However, they do not seriously interfere with overall communication.
Speaking about Academic Course Content	Good	Your responses demonstrate an ability to communicate effectively in English about academic topics typical of first year university studies. Your speech is mostly clear and fluent. You are able to use appropriate vocabulary and grammar to explain concepts and ideas from reading or lecture material. You are able to talk about key information and relevant details with only minor inaccuracies.
Writing Skills	Level*	Your Performance
Writing based on Reading and Listening	Good	You responded well to the task, relating the lecture to the reading. Weaknesses, if you have any, might have to do with: <ul style="list-style-type: none"> slight imprecision in your summary of some of the major points and/or use of English that is occasionally ungrammatical or unclear.
Writing based on Knowledge and Experience	Good	You responded with a well-organized and developed essay. Weaknesses, if you have any, might have to do with: <ul style="list-style-type: none"> use of English that is occasionally ungrammatical, unclear, or unidiomatic and/or elaboration of ideas or connection of ideas that could have been stronger.

THIS IS A PDF DOWNLOADED AND PRINTED BY THE TEST TAKER, INTENDED FOR THE TEST TAKER'S PERSONAL RECORDS.

This score report provides four section scores and a total score. An analysis of your strengths and weaknesses in English is included. The level pertaining to each skill should not be generalized beyond the performance on this test. Skill levels and their associated descriptions are not intended for use by institutions as part of their admissions criteria and will not be shared unless you grant permission.

Information About Scores: The following scaled scores are reported for the TOEFL iBT test. A total score is not reported when one or more sections have not been administered. These scores have the following ranges:

Sections	Scaled Scores
Reading	0-30
Listening	0-30
Speaking	0-30
Writing	0-30
Total Score	0-120

Score Legend:

Level	Total Scaled Score Range
High	29-30
Intermediate	19-28
Low	0-18

Level	Total Scaled Score Range
Good	20-30
Fair	10-19
Limited	0-9
Weak	0-9

Level	Total Scaled Score Range
High	29-30
Intermediate	14-28
Low	0-13

Level	Total Scaled Score Range
Good	24-30
Fair	17-23
Limited	1-16
Score of Zero	0

Institution Codes: The code numbers shown on page 1 of this report are the ones you selected before you took the test. If any institution code you selected is missing, it was incorrect and the TOEFL® Program was unable to send a score report to that institution.

DEPT.	WHERE THE REPORT WAS SENT
00	Admissions office for undergraduate study or an institution or agency that is not a college or university
01, 04-99	Admissions office for graduate study in a field other than management (business) or law according to the codes selected when you registered
02	Admissions office of a graduate school of management (business)
03	Admissions office of a graduate school of law

Additional information about TOEFL iBT scores can be found on the Test Takers section of the TOEFL website at www.ets.org/toefl.

* Skill levels for speaking and writing individual skills are estimates of performance at the item level. The total writing and speaking scaled scores and ranges are more accurate. Therefore it is not appropriate to combine the individual skill levels. Doing so may lead to apparent inconsistencies between the diagnostic feedback and reported writing and speaking scores.

IMPORTANT NOTE TO SCORE USERS: This PDF score report was downloaded and printed by the test taker. It is not an Official Score Report sent by ETS directly to an organization designated by the test taker. If you find it necessary to verify the scores on this report, please contact the TOEFL Score Verification Service at +1-800-257-9547 or +1-800-771-7100. Scores more than two years old cannot be reported or validated.

	Registration Number IN66107S4036	Gender Female	
	Examination Paper Instrumentation Engineering (IN)		
	 (Candidate's Signature)		
GATE Score 445		Valid from March 27, 2015 to March 26, 2018	
Marks out of 100* 33		All India Rank in this paper 1255	
Qualifying Marks**		Number of candidates appeared in this paper 16217	
25.45 22.9 16.96 General OBC (NCL) SC/ST/PwD			
<small>* Normalized marks for multi-session papers (CE, CS, EC, EE, IN) ** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which a valid Category Certificate, if applicable, is furnished along with the scorecard</small>			
Digital Fingerprint: 32c3b4d4b067c7246c34d9b59548fa		March 27, 2015 Prof. Suresh Choudhary Registering Chairperson, GATE 2015, on behalf of IITB-GATE, for IITB	

The GATE Score is calculated using the following formula:

$$\text{GATE Score} = S_1 + (S_2 - S_1) \frac{(M - M_c)}{(M_c - M_c)}$$

where,

- M is the marks obtained by the candidate in the paper, mentioned on this scorecard.
- M_c is the qualifying mark for general category candidate in the paper.
- \bar{M} is the mean of marks of top 8.1% or top 10 (whichever is larger) of the candidates who appeared in the paper, (in case of multi-session papers including all sessions)
- S_1 = 350 is the Score assigned to M_c
- S_2 = 900 is the Score assigned to \bar{M}

In the GATE 2015 score formula, M_c is usually 25 marks (out of 100) or $\mu + n$, whichever is greater. Here μ is the mean and n is the standard deviation of marks of all candidates who appeared in the paper.

Qualifying in GATE 2015 does not guarantee either an admission to a post-graduate program or a scholarship/scholarship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XI and XI. Paper Sections (compulsory section and any other two sections):

GATE Score 717 Valid from March 27, 2015 to March 26, 2016

Marks out of 100* 55.29 All India Rank in this paper 571

Qualifying Marks** 25 22.5 16.67 Number of candidates
appeared in this paper 115425

General OBC (NCL) SC/ST/PwD

* Candidate marks in different papers (E, C, S, AI, CE, ME)

** A candidate is considered qualified if the marks scored are greater than or equal to the qualifying marks mentioned in the table for which a candidate has opted for application, in a particular paper with the concern.

Date of registration: 03/04/2014 08:07:56 AM 03/06/2014

March 27, 2015

Prof. Suresh Choudhury
Engineering Commissioner, GATE 2015, at IIT Bombay, Mumbai

The GATE Score is calculated using the following formula:

$$\text{GATE Score} = S_1 + (S_2 - S_1) \frac{(M - M_1)}{(M_2 - M_1)}$$

- where:
- M = the marks obtained by the candidate in the paper, mentioned within normalized
 - M₁ = the qualifying mark for general category candidate in the paper,
 - M₂ = the mean of marks of top 0.1% or top 30 (whichever is larger) of the candidates who appeared in the paper, in case of multiple session papers including all sessions
 - S₁ = 25 in the marks assigned to M
 - S₂ = 717 in the marks assigned to M

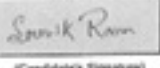

In the GATE 2015 score formula, M₂ is usually 27 marks (out of 100) or 18, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all candidates who appeared in the paper.

Qualifying in GATE 2015 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XI and XII Paper Sections (complementary section and any other two sections):

<p>XI: Engineering Sciences</p> <p>A: Engineering Mathematics-I (Compulsory)</p> <p>B: Fluid Mechanics</p> <p>C: Materials Science</p> <p>D: Solid Mechanics</p> <p>E: Thermodynamics</p> <p>F: Polymer Science and Engineering</p> <p>G: Food Technology</p>	<p>XII: Life Sciences</p> <p>H: Chemistry (Compulsory)</p> <p>I: Biochemistry</p> <p>J: Botany</p> <p>K: Microbiology</p> <p>L: Zoology</p> <p>M: Food Technology</p>

Digital Fingerprint: 1873164480964516422864177616				March 27, 2015 Prof. Suresh Chandra Registering Officer, GATE 2015, website at www.gate15.org	

The GATE Score is calculated using the following formula:

$$\text{GATE Score} = S_1 + (S_2 - S_1) \frac{(M - M_1)}{(M_2 - M_1)}$$

where,

- M is the marks obtained by the candidate in the paper, mentioned on this scorecard,
- M_1 is the qualifying mark for general category candidate in the paper,
- M_2 is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper, (in case of multi-session papers including all sessions)
- S_1 = 150 is the Score assigned to M_1
- S_2 = 900 is the Score assigned to M_2

In the GATE 2015 score formula, M_2 is usually 23 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all candidates who appeared in the paper.

Qualifying in GATE 2015 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XI and XII Paper Sections (compulsory section and any other two sections):

XI: Engineering Sciences	XII: Life Sciences
A-Engineering Mathematics (Compulsory)	H-Chemistry (Compulsory)
B-Fluid Mechanics	I-Biochemistry
C-Materials Science	J-Botany
D-Solid Mechanics	K-Microbiology
E-Thermodynamics	L-Zoology
F-Polymer Science and Engineering	M-Food Technology
G-Food Technology	

Graduate Aptitude Test in Engineering (GATE) 2015 was organized by Indian Institute of Technology Kanpur on behalf of the National Co-ordination Bureau (NCB) for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- **Most Recent option** – Send your scores from your most recent test administration
- **All option** – Send your scores from all administrations in the last five years
- **Any option** – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the GRE® Information Bulletin for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

SAYAM GANGULY

Most Recent Test Date: September 12, 2013

Date of Birth: July 19, 1989

Registration Number: 20771681
Print Date: February 18, 2018

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/scoreinterpretation.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-800-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).
