

Netaji Subhash Engineering college

Techno City, Garia, Kolkata – 700 152

Institutional Core Values

Our college is committed to excel through the delivery of outstanding education that remains current and responsive to the diverse needs of society. We believe in lifelong intellectual development of students, faculty and staff. We pledge ourselves to demonstrate them and approach in our mission with a commitment of four interdependent core values.

A. Educational Competence:

Our college has been imparting quality education since inception. The development of a quality educational system largely lies on the committed members of the faculty, quality infrastructure, supportive administration, large pool of learning resources and last but not the least, hardworking and brilliant students. Our college primarily focuses on making our students good human beings and successful professional through strategic teaching of both theoretical and practical aspects during the course of education. We equip students with the best possible teaching resources, practical exposure and training methods so that they are able to shape up their life and career for a challenging world ahead.

B. Continuous Enrichment:

We commit to practices that are fair, honest and objective in dealing with students, faculty members, staff and stakeholders at all levels of community. Feedbacks are utilized to take corrective measures for necessary improvement. Our college persistently interacts with various industries to expose both faculty and students to the true professional world. We believe in inspiring minds, improving their intellectual capacity and building characters which our students will treasure for their lifetime. Additionally, we endeavour to inculcate social values and principles of personal excellence and care for others. Through outreach programs and partnerships, we promote sustainable development.

C. Learning Environment:

We provide a free and open learning environment for self learning, intellectual growth and high quality individuals. The learners are free to chose what to learn, how to learn, when to learn and where to learn. With the advent of information and communication technology, the learners are getting accustomed more and more to non-formal mode of education. Our institute is equipped with self-learning modules and material to make this learning process effective. We cultivate critical thinking, creativity and joy in lifelong learning. We engage in collaboration across disciplines and communities and to positive transformation through research, scholarship and creative works.

D. Quality Service:

We are dedicated to attract and support diverse student fraternity, faculty and staff population and enhance multicultural learning opportunities. We work to enable students to integrate into the larger world to promote a commitment to public service through experimental education. Our commitment extends to all levels to foster a climate of ethical conduct, respect, responsibility and trust. We promote a safe, healthy and sustainable environment where our community members can flourish personally and socially.
